WARNING

FAILURE TO OBSERVE THESE WARNINGS COULD RESULT IN INJURY.

THIS INSTRUCTION MANUAL CONTAINS IMPORTANT SAFETY INFORMATION. READ THIS INSTRUCTION MANUAL CAREFULLY AND UNDERSTAND ALL INFORMATION BEFORE OPERATING THIS TOOL.

- It is the responsibility of the owner to make sure all personnel read this manual prior to using the device. It is also the responsibility of the device owner to keep this manual intact and in a convenient location for all to see and read. If the manual or product labels are lost or not legible, contact Cornwell Tools® for replacements. If the operator is not fluent in English, the product and safety instructions shall be read and discussed with the operator in the operator's native language by the purchaser/owner or his designee, making sure that the operator comprehends its contents.

- When using this product, basic safety precautions including the following should always be followed to reduce risk of fire, electric shock, personal injury and material damage.

- Always wear impact-resistant eye and face protection when operating or performing maintenance on this tool.
- Keep the tool in efficient operating condition.
- Do not use or charge the light when the temperature is over 104°F (40°C) or lower than -4°F (-20°C).
- Do not store light at temperature above 120° F (49° C) .
- Do not put the work light near over-heated objects.
- Keep away from acid and alkaline objects.

- Do not operate light in explosive atmospheres, such as in the presence of flammable liquids, gases or dust. Lights create sparks which may ignite the dust or fumes.

- Avoid bumps and dropping.
- Battery packs present a risk of fire, explosion and electric shock which can cause personal injury
- This unit is not waterproof and is not intended for use in shower, sauna, or in potentially wet locations. Always keep this unit away from sink, tub, shower and etc.
- This unit is intended for general indoor use only.
- Keep out of reach of children.
- Do not look directly into the light during operation of the unit. This can be harmful to the eyes even for a brief period due to intense light.
- Charge battery pack only with charger provided. Other types of batteries may burst, causing property damage and personal injury.

- Do not discard used batteries – return them to your local recycling provider for recycling.
- **CAUTION:** Magnetic forces can be harmful to personal property and equipment including cell phones, computers, diagnostic equipment and credit cards.
- This product may contain one or more chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. *Wash hands thoroughly after handling.*
- Failure to heed any of these warnings may result in personal injury and/or property damage.

Routine Maintenance

Battery Pack-Once in every three months, remove the battery pack from the work light and visually inspect for signs of gas or chemical leakage. If any signs are observed the battery pack should be removed from service to prevent chemical damage to inside the work light.

- Remove dirt and grease as soon as it accumulates. Use a soft, damp cloth and a mild soap.
- **NEVER** submerge any part of the light in any solution to clean it.
- **DO NOT USE** solvents such as gasoline, turpentine, etc. to clean the unit.

Mounting the charger

AC and DC power cords are available. To charge the work light, switch off and insert the charge plug firmly into the work light receptacle. Connect the charger to an appropriate power source.

AC Charging Adaptor

Connect the adaptor cord to the work light charging receptacle, only with the AC power source in the "OFF" position. Otherwise, it may result in the damage of the recharging system. Refer to specifications for details regarding charging time. There is indicator on AC charger. When the indicator changes from red to green, pull the charger plug out and store properly.

Warranty

LIMITED 12-MONTH WARRANTY

Cornwell Tools warrants to the original purchaser that the company's 26 LED Pivot Work Light are free from defects in material or workmanship during the one year warranty period. We will replace any 26 LED Pivot Work Light which fails to give satisfactory service due to defective workmanship or materials for 12 months from the date of original purchase. Products must be returned with proof of purchase, to an authorized Cornwell dealer.

This warranty excludes 26 LED Pivot Work Light which have been subjected to abnormal use, accident, neglect, or lack of maintenance. Any modification, disassembly of this 26 LED Pivot Work Light or repair by an unauthorized service center will void the warranty.

This warranty gives you specific rights. You may also have other rights which vary from state to state.

The foregoing obligation is Cornwell Tools' sole liability under this or any implied warranty and under no circumstances shall Cornwell Tools be liable for any incidental or consequential damages.

Note: Some states do not allow the exclusion or limitation of incidental or consequential damages so the above limitation or exclusion may not apply to you.

Installing the DC Option

The DC Adaptor is offered as an option for those who like to mount 26 LED Pivot Work Light system in their vehicles. When installing or using the 26 LED Pivot Work Light in a vehicle, always make sure that the work light case does not touch the chassis. This can result in damage to the work light.

Plug the DC power cord Adaptor into the cigarette lighter receptacle of the vehicle. Do not leave adaptor plugged in for any extended period while engine is "OFF" to avoid draining battery.

Operation

1. Depress the upper switch for work light
2. Depress the lower switch for base light
