

⚠ WARNING

- Lock lid and drawers before moving.
- Apply brake on locking casters anytime cart is in place.
- Do not pull cart. Push from handle on end to move.
- Units can tip or fall causing damage or personal injury.
- Cart is designed to roll easily on flat surfaces and should not be used on uneven or inclined surfaces.
- Do not open more than one loaded drawer at a time.
- Do not stand on or step in drawers.
- Keep children away from unit.
- Wear gloves when lifting edges.
- Before connecting to a power supply, always check to make sure the power supply corresponds to the voltage required on the product.
- Fully insert plug to reduce the risk of electric shock.
- Always unplug when not in use.
- Disconnect power before installing or servicing.
- Do not try to plug in unit or product when hands are wet or damp, or if standing on a wet or damp surface or in water.
- Never attempt to pick up unit or plugged in product that should fall in standing water.
- This unit is not waterproof and is intended for general use indoors.
- Do not use in potentially dangerous locations, such as flammable or explosive atmospheres.
- Keep cord away from heat, oil, sharp edges or moving parts.
- Failure to heed these warnings may result in personal injury and/or property damage.

WARNING: This product can expose you to chemicals including nickel which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

⚠ WARNING

SERVICE CART WEIGHT CAPACITY

| | |
|------------------------------|-------------|
| Maximum Total Net Load | 500 LBS |

FIG. 7

Install Spray Can Divider (#16) onto the bottom tray

PARTS DRAWING

TROUBLESHOOTING

Problem: Drawers appear not to fit, do not slide in accurately and bump the cart sides.

Solution: The roller bearing slides must be fully engaged into the mounting slots on all drawers. They potentially could fall out of position in shipment or during assembly. Remove the drawer that is out of position. The drawer is removed by the two clips on the roller bearing slides. Simply push the roller bearing slide back down into position. Insert the drawer back onto the roller bearing slides.
