

! WARNING

SERVICE CART WEIGHT CAPACITY

Overall Load Capacity.....	600 LBS
Top Compartment	180 LBS
Drawers.....	70 LBS each

It is the responsibility of the owner to make sure all personnel read this manual prior to using the device. It is also the responsibility of the device owner to keep this manual intact and in a convenient location for all to see and read. If the manual or product labels are lost or not legible, contact Matco Tools for replacements. If the operator is not fluent in English, the product and safety instructions shall be read and discussed with the operator in the operator's native language by the purchaser/owner or his designee, making sure that the operator comprehends its contents. PLEASE NOTE: Loading cart beyond rated capacity may cause structural damage to the cart as well as personal and /or property damage. Please educate your customers to the dangers of overloading.

- **Read and follow all instructions in User's Manual**

- **Do not load carts beyond rated capacity.**

- **Lock lid and drawers before moving.**

- **Apply brake on locking casters anytime cart is in place.**

- **Do not pull cart. Push from handle on end to move.**

- **Units can tip or fall causing damage or personal injury.**

- **Do not open more than one loaded drawer at a time.**

- **Do not stand on or step in drawers.**

- **Keep children away from unit.**

- **Wear gloves when lifting edges.**

- **Cart is designed to roll easily on flat surfaces and should not be used on uneven or inclined surfaces.**

- **This product may contain one or more chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. *Wash hands thoroughly after handling.***

- **Failure to heed these warnings may result in personal injury and/or property damage.**

ASSEMBLY INSTRUCTIONS

TOOLS NEEDED FOR ASSEMBLY:

- 13mm Socket or wrench

Mount push handle/brackets assembly (Part #12, 13) to the same side of the cart as the swivel locking casters using the four stove bolts, washers, and nuts provided.

Using 13mm socket completely tighten all nuts.

TROUBLESHOOTING

Troubleshooting Points for the MSC4FD Series:

Problem: Drawers appear not to fit, do not slide in accurately and bump the cart sides.

Solution: The roller bearing slides must be fully engaged into the mounting slots on all drawers. They potentially could fall out of position during shipment. Check the side of the cart to determine which slide is out of position.

Remove the drawer that is out of position. The drawer is removed by the two clips on the actual roller bearing slide.

Simply push the roller bearing slide back down into position.

Insert the drawer back onto the roller bearing slides.

Problem: Back Lock/Unlock Switch does not engage the drawer.

Solution: The inside Lock/Unlock slide potentially could fall out of its groove during shipment. Unscrew the four screws that are holding the Lock/Unlock slide in place.

Once the screws are removed, simply place the latch back onto the slide and tighten the four screws back down.

No.	Part No.	Description	Qty	No.	Part No.	Description	Qty
1	RSLKB	Lock with Keys	1	11	RSMSC4FDLMR	Red Locking Mechanism (Excludes Lock)	1
2	RSMSC4FDBP	Set of 4 Bumpers (Including #17, (16) fasteners) <i>These bumpers are attached to the legs with fasteners and may not be used on carts which originally did not use these fasteners because the legs were not made to accommodate them.</i>	1		RSMSC4FDLMBK	Black Locking Mechanism (Excludes Lock)
